# **SACYR RECEIVES THE DUAL “CALCULO-REDUZCO” SEAL FOR THE SECOND CONSECUTIVE YEAR AFTER CUTTING ITS CARBON EMISSIONS BY 12.6%**

- **This seal, awarded to Sacyr by the Spanish Ministry for Ecological Transition, reflects the company’s efforts and commitment to the battle against climate change.**

**Madrid, August 20, 2020.** Sacyr has picked up its second “Calculo-Reduzco” (Calculate-Reduce) seal, a distinction granted by the Spanish Climate Change Office (OECC) of the Ministry for Ecological Transition and Demographic Challenge, for reducing its greenhouse gas (GHG) emissions in its activities in Spain.

Sacyr managed to reduce its CO<sub>2</sub> emissions by 12.63%, in intensity terms, for scopes 1+2 in the three-year period 2017-2019 compared to 2016-2018.

The “Calculo-Reduzco” seal is granted to organizations that calculate and record their carbon footprint for a minimum of four years, have a plan to reduce their GHG emissions, and bring this reduction commitment to fruition, with validation by the Ministry.

### **A firm commitment**

Sacyr, committed to combating climate change, considers management of CO<sub>2</sub> to be a priority action within its organization. Reducing emissions offers significant opportunities for growth, development and competitiveness for the multinational’s companies, and contributes to improving the environment in which it operates.

Investors, customers, society and all stakeholders in general call for and value organizations that are committed to environmental sustainability and proactive in it.
